Dear Mr Austen:

I would like to take this opportunity to thank you for assisting Halton Region with our H1N1 Immunization clinics last fall and for playing an important role in our task of helping to protect the health of Halton residents—a top priority at Halton Region. With the expertise of our nurses and support staff, we have been able to give 146,000 doses of the H1N1 vaccine, provided by the Federal government. To put this into perspective, the number of people immunized would fill, twice, the Air Canada Centre and the Rogers Centre/Skydome combined. This is truly impressive.

Your contribution was critical to the overall success of our program. We received an overwhelming number of notes of appreciation from our residents, which can be found at [www.halton.ca/h1n1experience](http://www.halton.ca/h1n1experience). This would not have been as successful without your contributions.

It is great to know that we can count on the assistance from organizations such as yours to help provide a necessary service to Halton residents. Large tasks don't seem as daunting when we all work together. Collaborating with one another; residents, partners and staff have demonstrated why Halton is truly a great place to live, work, raise a family and retire.

Sincerely,

  
Gary Carr
